

APPLICATIONS

Cattle | Swine | Sheep | Goats:

Initial Dose: 2 oz / head

Daily Dose: 1 oz / head / day

For use in all livestock species

Administer in Feed and/or Water Trough

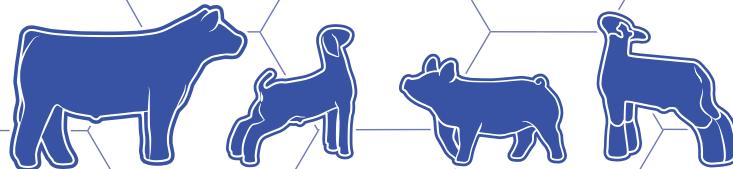

For Best Results:

- Ensure tank is free of residue, if using chlorinated water, let tank sit for 24 hrs (with lid removed) before mixing.
- Clean sprayer and nozzles thoroughly with water or soap (do not use anti-bacterial) mixture.

Note: Storage temp (50-90 F). Mix with water. Due to the wide variety of uses and variations in severity of areas to be treated, specific application rates and procedures are best determined on a case by case basis. For assistance, please call Asido. (940) 300-1509.

Precautions

- Use only as directed on the label.
- Shake well before using.
- Keep out of the reach of children.
- Eye Contact: Flush with water/call physician.
- Skin Contact: Exposure may result in dry skin. Rinse/Apply lotion.
- Ingestion: May cause nausea or vomiting. Seek immediate medical attention.
- In case of spills disperse with water, treat like surfactant or soap spillage.
